The annual meeting of the Global Economy Area of the CESifo research network will facilitate the presentation of current research undertaken by members.

Papers may be submitted on any topic under the Global Economy field covering trade, international finance, migration, global environmental issues, and other issues. Accepted papers will be published as CESifo Working papers.

Please note that the same paper is allowed to be submitted to only one of the CESifo Area Conferences. Papers which are more related to the topic of other Area Conferences may be re-directed to the respective Area Director.

DISTINGUISHED CESifo AFFILIATE AWARD

The Distinguished CESifo Affiliate prize, aimed at encouraging talented young scholars, will be awarded to the best paper presented by a young author at this conference. We are pleased to announce that the prize will be sponsored, once again, by the *Review of International Economics*. Accepted candidates will be invited to attend the conference and present their paper. An award committee will judge the papers (and presentations) and select a winner. Candidates will be accepted for nomination from close to completion of their Ph.D., to no more than five years after having completed it. The same limit applies to co-authors in the case of papers with multiple authors. The criteria for the award are scientific originality, policy relevance and the quality of exposition.

The winning paper will appear in the CESifo Working Paper Series and the prize winner will receive a €2000 prize. All CESifo Research Fellows are welcome to nominate candidates for the award (please note that it is not mandatory for candidates to be from the research network). To nominate a candidate, a CESifo Research Fellow must submit the nominee's paper along with a brief description explaining the motivation for the nomination. Nominations should be sent directly to the CESifo conference office: office@cesifo.de.

The **deadline for nominations** is **15 January 2023**.
